Dear Jeff and PCS staff:

I just wanted to take a moment to express my appreciation for the outstanding service you have provided during our first few months of operation. From the initial install of the Aldelo system, to the on-going support, you and your staff have been great to deal with.

My managers and staff have been very satisfied with our POS system. It has been easy to use and has proven to be very reliable. I also love the variety of reports I am able to produce at a moments notice. This has made running the restaurant much easier.

I look forward to working with you in the future and would be glad to recommend your services to other business owners looking for great products and great service.

Thanks again,

Dave Gray
