Dear Jeff and staff at PCS:

I would like to thank you for installing the Aldelo POS. We have seen an increase in revenue and decrease in inventory cost in our first four months with the system. We looked at several different systems and felt with the service of PCS and the Aldelo, that we made the best decision.

I would recommend PCS and the Aldelo to anyone that is looking for a POS.

Thanks again.

Sincerely,

Wm. Scott Langley
