Jeff Withrow  
PCS Computer Systems, Inc.  
6065 Bay Rd.  
Saginaw, MI 48604

Dear Jeff,

Thank you for all the help you have provided to our company during the transition from using a cash register to your recommended Point of Sale solution.

I selected PCS Computer Systems, Inc because they are local and presented a lease purchase option making it affordable for my business.

Since the Point of Sale has been installed, sales transactions are processed faster, reordering inventory has been simplified, and I can determine the value of my inventory in a matter of seconds.

I highly recommend PCS Computer Systems, Inc, for any retail Point of Sale solution.

Regards,

Sharon Fitzgerald
